

ActivFlo

Water Conditioner

Testimonial

Problem:

- Commercial laundromat had problem with calcium build up
- Clothes did not turn out as soft and clean as they would like

Solution:

- Install ActivFlo to the backflow

Results:

- Cleaner, softer laundry
- No power needed
- No drain for back wash
- No wasted water on backwash
- 1/10th of the footprint
- No salt needed
- No maintenance
